**P20 1 VICE-CHAIR**

Mr. Sharp was PROPOSED, SECONDED and AGREED as Vice-Chair of the committee.

**P20 2 APOLOGIES**

Apologies for absence were received and accepted from Mr. Sharp (personal).

**P20 3 DECLARATIONS OF INTEREST**

There were no declarations of interest.

**P20 4 MINUTES**

The minutes of the meetings held on 8<sup>th</sup> and 29<sup>th</sup> April 2019 were AGREED as a true record. Mr Truesdale pointed out that a correction to the original response to the Land at Churchway application had been made. The B1/B2 use class orders were incorrectly quoted on the original as per the minutes.

**P20 5 PLANNING APPLICATIONS**

The Council's responses to the following new planning applications were AGREED:

- (i) 19/01737/APP 114 Sheerstock Haddenham Buckinghamshire HP17 8EX  
Single storey front extension, two storey rear extension and extension to garage (amendment to 19/00413/APP)  
*The Parish Council has no objection.*
- (ii) 19/01806/APP Land Off Aston Road Haddenham Buckinghamshire  
Demolition of existing buildings and erection of two dwellings  
*The Parish Council opposes this application for the following reasons:  
This small site is surrounded on 3 sides by what will become the open space on the adjoining Aston Road/Stanbridge Road development, originally approved in outline on appeal in 2016 for 280 houses (application reference 14/02666/AOP). This is one of the three principal sites which will contribute the majority of Haddenham's 50% growth of over 1000 homes as a VALP strategic settlement. Its design is therefore of critical importance to the future of the village.  
Following the appeal and disposal of the site to developer Dandara, considerable care and resources have gone into the layout and design, which Dandara has discussed with the Parish Council and with AVDC in great detail. Phases 1 and 2 are now on site; phases 3 and 4 are the subject of a current reserved matters application. A particular feature of the overall layout has been to retain the rural feel along Aston Road in its approach to Church End, and into the heart of the Conservation Area.  
The new homes are accordingly set well back from the existing village boundary and from the*

*Conservation Area on the western edge of the scheme, being separated by a large area of open space comprising a new cricket ground and a new burial ground. Similarly the southern edge of the development is set well back from Aston Road, being separated by a green belt, including a large swale. No new building is due to take place on Aston Road itself, so that the current last house in the village on the north side (7 Aston Rd) will remain the last property directly situated on Aston Road, and the rural approach into Church End will thereby be largely retained. All of the green spaces on the development will be transferred to the Parish Council to manage as open space in perpetuity. This proposal for 2 homes negates the above design concept by inserting 2 new buildings which will look incongruous and out of keeping with both the surrounding new development and the existing settlement. They will also intrude into, and be detrimental to the setting of, the green and calm ambience of the adjoining burial and cricket grounds.*

*The Parish Council indeed anticipated a potential issue arising from this derelict land in its response to AVDC at the time of Dandara's initial application reference 17/01841/ADP: "The PC is concerned that a small parcel of derelict land on the north side of Aston Road opposite Tiggywinkles is not included within the development and looks likely either to remain an eyesore or could come forward again for development. Either way, the outcome is a discordant intrusion which will detract from the success of Dandara's proposals. The PC calls on AVDC to use its compulsory purchase powers to acquire this site for open space in the interests of completing this development and making it a success."*

*The Parish Council strongly urges AVDC to refuse this application and calls on AVDC to action compulsory purchase in the interests of delivering a satisfactory outcome for the larger development.*

*In the unlikely event that AVDC were minded to approve this development, the PC would wish to see a more sympathetic elevational treatment, perhaps taking its cue from one of Dandara's design/materials styles. The PC would also wish to see a construction site management plan with all construction traffic approaching from Stanbridge Road and none via Church End.*

*The Parish Council will send a representative if this application goes to committee.*

- (iii) 19/01945/APP 14 Dovecote Haddenham Buckinghamshire HP17 8BP  
Two storey side and single storey rear extensions  
*The Parish Council has no objection subject to confirmation that there is no daylighting infringement of the adjoining property.*
- (iv) 18/02246/APP and 18/02247/ALB  
Bigstrup Farm Aylesbury Road Haddenham Buckinghamshire HP17 8TX  
Conversion and restoration of redundant barns to create an Outreach Education Centre and Wedding Venue, plus the demolition of a former silage barn and erection of a replacement restaurant/kitchen building and formation of associated new access drive and car park.  
*The Parish Council maintains its previous objections to this application on the grounds of highway access and noise disturbance to neighbours from the wedding venue business.*

#### Public participation

Mr. Truesdale allowed members of the public to make representations at this point. Three Dinton parish residents were present who expressed concerns about the application. They have submitted a response to the transport statement raising several issues, which is available online. A noise test was carried out to measure the potential noise disturbance from weddings at the venue and many Dinton residents were concerned at the distance the noise travelled, this is also available online.

No further correspondence.

## **P20 9 DATES OF FUTURE MEETINGS**

Monday 24<sup>th</sup> June 2019.

**PUBLIC PARTICIPATION**

Could the Parish Council please note the concerns of local residents regarding correspondence that has been published on the AVDC website for planning application on land at 14 Townsend. The owner appears to be reinstating the application which has never been determined. The Parish Council objected to the application, and everyone would like to see this site retained as a green open space buffer between the existing properties and the proposed development on Land west of Churchway (17/02880/AOP).

*The Parish Council did object, and requested that if the site was to be approved for development that access should be via the 17/02880/AOP site. The VALP Inspector did say there should be a green buffer between the new and existing properties, but we don't know what discussions there have been since then. The highways and heritage officers have objected to the application so why it has not been determined (refused) is not clear. Mrs. Brandis agreed to find out what is happening with the application.*

**CLOSURE OF THE MEETING**

The meeting closed at 7.30pm.
