

Help Shape the Haddenham to Thame Active Travel Route

Buckinghamshire Council and Oxfordshire County Council are investigating a safer, more accessible route for walking, cycling, and wheeling between Haddenham and Thame, including Haddenham and Thame Parkway Station.

We are assessing potential options for a route. Your feedback is important to help inform decisions to be taken by both Councils.

Public engagement will run *online* from **12pm Tuesday 20th October** to **11:59pm on Tuesday 24th November 2026**.

During this time, you can view information about the project and complete a survey.

Information boards can be viewed at a drop-in session:
