## **Thames Valley Police Report for Haddenham Parish Council Meeting 3<sup>rd</sup> April 2023**

This report is supplied by Waddesdon Neighbourhood Police Team. The incidents recorded are just a snapshot of incidences that occurred within the parish between 01/3/23 and 03/04/23. The examples are given with the belief that they are of interest to the parish and public alike. I have however used my discretion to leave out incidents which I do not think are in the public interest. I have tried to provide accurate data but given the variable information around addresses using our current police system, there may be some incidents under reported. I have also mentioned incidents with no reports received to highlight that they may become an issue in other areas and I wanted to make the public aware.

### **Fraud**

There were no reports received. Fraud against the public is a growing issue that affects us all. We would urge residents to be aware of strangers making contact by phone, e-mail, or door to door persons asking for your details. Do not give your personal details to anyone that you do not know! For further information you can google "The Little Book of Big Scams" which is in its fifth edition. Or if this isn't possible we have limited copies and can put a copy through your letter box if required.

### **Anti-Social Behaviour (ASB).**

1 report received. There was one ASB issue related incident whereby a group of youths were being intimidating towards some children. Police are conducting enquiries as to what was reported and who those youths were. Other examples of general ASB would include riding around with a noisy exhaust on a motorbike, or fly-tipping or other nuisance to the community etc.

### **Theft from Vehicles**

There were no reports. As a rule we would ask the public not to leave anything on view in their vehicles- especially tools. Number plates are also being taken in other areas. This would be done in order to commit further crimes using another vehicle with the stolen plates. Number plates can be protected by fitting anti-theft screws. Thames Valley Police have a small amount of stock and may be able to provide on request. The screws can also be got from DIY shops or car parts shops. Please also do not leave anything on view in your vehicles for would-be thieves to feel tempted.

### **Theft**

Metal Items were attempted to be stolen from someone's garden – but the owner managed to retrieve them.

### **Criminal damage- There were 2 incidents reported.**

- 1) A container in the tennis club was sprayed with graffiti. It has since been covered up by the Tennis Club.
- 2) A bench was removed from its fastenings and thrown into a nearby pond. CCTV is currently being reviewed.

### **Road Traffic Collision (RTC)**

There was 3 RTC's reported in the area

17/03/23 Banks Road car v car

23/03/23 Banks Parade car v lorry

04/04/23 Thames Road car v car.

Police are concerned about the current spate of issues going on involving youths in the area. We are conducting daily patrols in the area as well as foot patrols and engaging with the public. We would ask the public to continue to report any concerns that they may have either through calling 101 or via e-mail [waddesdonnhpt@thamesvalley.police.uk](mailto:waddesdonnhpt@thamesvalley.police.uk)

A note to put in your calendars is **Emergency Services and Community Day at the Quanton Railway Station on 8<sup>th</sup> May 2022** where Waddesdon Neighbourhood Team will be in attendance along with other services for the public to see. We're hoping for blue skies and a great attendance!

Kind regards

PCSO C715 Danny Fahy

Waddesdon Neighbourhood Team
